RESPONSE

Sir:

The following is in response to the Office Action dated September 10, 2004, and is filed within the shortened statutory period of three months.

Claims 1-46 are rejected under obviousness-type double patenting as being unpatentable over claims 1-23 of U.S. Patent Number 6,745,575 to Butcher in view of U.S. Patent Number 5,465,578 to Barben, *et al.* In response, the applicants submit herewith a Terminal Disclaimer disclaiming the term of any patent issuing on the present application that would extend beyond the term of commonly owned U.S. Patent Number 6,745,575 to Butcher. Accordingly, Butcher is not available as a reference in the double patenting rejection. Therefore, it is believed that the rejection is overcome, and reconsideration of the rejection is requested.
